

GLORY  
TO  
GOD

and in earth  
PEACE,  
goodwill towards  
men.

GLORY TO GOD  
and in earth peace, good will towards men

All the Ashes send their greetings to you this Christmas and 'good will towards men' as we enter 1982.

Here is a brief resumé of our news during 1981:

*Lois* was married to *Ken Boullier* last March. We do welcome Ken into the family and are so happy for them both. They are expecting a baby (our first grandchild) in February. They are living on the Isle of Wight, and next October Ken starts his training for the Ministry at Trinity College, Bristol.

*Robert* is still working in Thailand where he is the local Director of work done by Comité Européen d'Aide aux Réfugiés - a Paris based organisation. He also acts as advisor to Christian Outreach. It was lovely having him home in March for Ken and Lois' wedding, and to receive the MBE from the Queen at Buckingham Palace.

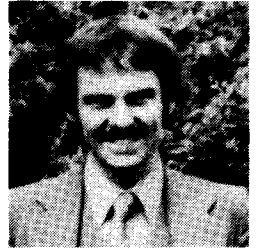

*John* and *Shelagh* are still in Ashstead where John is the senior Curate. They had a lovely holiday in Greece this year. We are praying very much for Shelagh's Father who has recently been in hospital in Cape Town, South Africa.

*Jane* has returned from the Philippines where she and a friend have been working in a children's orphanage run by the Rev. José and Mrs. Fé Mejica. The children are mostly from the streets, and Jane says what a transformation there is in them after being under the loving Christian influence of the Mejica's for a few weeks.

*Andrew* completed his B.Ed. Honours degree this year. He is teaching round Godalming at the moment and hopes to go abroad to teach in January.

*Ruth* passed her SRN early this year, and after four months 'staffing' at Mildmay Mission Hospital she went to Thailand in August. She is working among mal-nourished children in Nong Chan on the Thai-Cambodian border. It is lovely receiving her letters and to know that she and Robert are able to meet occasionally.

*David* was successful in passing four 'A' levels this summer. He has now commenced at Warwick University where he is reading Maths with Computer Studies.

*Pat* and *Marion* are still fairly busy in spite of having retired! The family all come and go - and we still have Duy Lam Dao from Vietnam living with us during the holidays from his boarding school nearby. He is 15 and has already passed 3 'O' levels and does 9 more next June. We expect to be away visiting Pat's sister in Tangier during November and December.

**GOD BLESS YOU ALL WHEREVER YOU ARE THIS CHRISTMAS**

Neither time nor distance nor eternity can  
separate us from each other as we keep  
close to the wonderful love of GOD.
