This is an opportunity of giving you our new address, and a little bit of family news. Since writing to you last Christmas, we took a step in faith, and in August moved from Church Stretton to Godalming.

Ruth and David are at Day Schools, and Jane at the Sixth Form College in Godalming, so we have them living at home. Andrew is in his last year at Christ's Hospital, and we see a little more of him now that we are not so far away.

Lois has finished her Midwifry training, and is nursing at a Maternity Hospital in Bristol. Robert returned from Vietnam in June after a severe attack of amoebic dysentery. He is fully recovered and farming in Warwickshire. John got his degree in Metalurgy at Sheffield University, and is working there in a steel firm.

We join with you in spirit to celebrate The Birthday, and send our love.

Pat & Marion Ashe.
