

*Glory to the
New Born King*

*In Him We have
Eternal Life*

We send you our love and greetings this Christmas of 1986, and on into 1987.

As a family we have had our sad and happy times this year.

LOIS, KEN, MARY and ESTHER BOULLIER are still in Hereford. On February 9th Lois and Ken had a lovely baby son – a brother for Mary and Esther called **TIMOTHY JOHN**. It was a difficult birth, and sadly Timothy was with us for only 11 hours, but the family are comforted that he is safe in the arms of Jesus. He came with love and was surrounded with love as he passed into the eternal presence of God.

ROBERT, VAR and PETER are in Khartoum where Robert is working for the United Nations. His sphere of work is in the West among the refugees. **SOMALY and PANITA** are still at Wadhurst College. Somaly is Head Girl this year and takes her 'A's next year.

JOHN, SHELAGH and JOANNA are in Cape Town, but they will be saying goodbye to their Parish at the end of the year. We eagerly look forward to welcoming them back to England in February.

JANE was married to **MICHAEL DOWNEY** at St. John's Church, Moffat, Scotland in August. We welcome Mike into the family and we look forward to having them with us for Christmas.

ANDREW continues making Interactive Videos in London. It is lovely having him nearby.

RUTH is working with 'Save the Children Fund' at Tug Wujale camp in Somalia. This is a vast area for refugees on the border with Ethiopia, where life seems very basic. We also look forward to her return at Christmas.

DAVID is now studying for one year, leading to a PGCE, at Queens College, Cambridge. It was super to have him back in May after a year in Kenya.

PAT and MARION have had a busy year with the family coming and going.

In March we enjoyed a fortnight's holiday in Tangier visiting Pat's sister, Ellen.

In the summer Var and Peter stayed in their home in Godalming for six weeks. Peter's leg was in plaster after it was broken in Switzerland. It was good to get to know Peter — though we were sorry for the cause.

It has been wonderful to see so many friends from round the world. Heathrow continues to be our second home!

Pat's Teddy Brown Stories were published by Kingsway in June. They were originally told to the family, and we hope that other children will find them helpful.

The ASHE family join in wishing you every blessing.
