

Greetings
from
Pat and Marion
Ashe

1996 has been
an eventful year
for some of us!

Ruth finished her contract with World Vision at the end of March and married **Yves Coyette**, a doctor working with MSF in Cambodia. In November they adopted **Sophie**, a baby they had been looking after for several months. We hope to welcome them home for Christmas.

Robert moved back to Geneva in August and **Peter** returned to Aldro School for his last year before going to Wellington College.

David and **Rose** have moved to Maidenhead where they often see **Andrew** and his family.

The rest of the 'children' - same as last year!

Marion had a very successful heart operation in February, and has made an excellent recovery. The family were a tremendous support to us both. They came from all over the world to be with us. - We are very blessed.

May God go with you into 1997
