Jan 24/63

My dear Marion & Pat,

It was a great shock to read of your father's death, but how glorious that he went forward in action - proclaiming the Gospel to the very last moment of his earthly life -

I only had the privilege of meeting him on a few occasions, but that sufficed to enable me to see what an outstanding fine person he was -

His was a life of dedicated service, leadership

usefulness & he has now gone to his well-earned rest, mourned & loved by vast numbers of people.

Thank God for our faith in the Resurrection - to dread to think what we

should do without it. But with it,
we know that death is only a passing from
one room to another in God's great
household of life.

I am so very much looking
forward to your visit to Otley next Sunday
night; it will be wonderful to see you

both again.

with love,

Arthur
